

City of Bedford

**Resource Awareness &
Community Enrichment
Guide**

www.ci.bedford.tx.us

**NEW
2009**

The Bedford Resource Awareness and Community Enrichment guide is sponsored by the City of Bedford and the Bedford Community Affairs Commission. This guide is designed to encourage greater participation in the community by developing a network of community resources that will assist our citizens and visitors.

This award winning publication is brought to you by the Bedford Community Affairs Commission with special thanks to Mayor and City Council, City Administration and the City Staff of Bedford.

Life is Better in Bedford!

Bedford Boards and Commissions

The City Council, City Manager and City Staff are pleased you are interested in citizen boards. We hope you will join us as we work together to provide municipal services responsive to local needs and expectations, and that your experience will be both stimulating and satisfying.

Our community prides itself on citizen involvement. Citizen boards provide greater opportunity for participation and input into local government and facilitate quality decisions by the City Council.

Candidates for appointment to committees, commissions and boards may submit applications for City Council consideration to the City Secretary. Candidate applications remain on file until the next appointment period unless an applicant requests withdrawal. Interviews are held by members of the City Council, and appointments are made by the City Council during an open meeting. Appointees are notified by mail soon after appointments are made.

Residency Requirements for Appointments to Committees, Commissions or Boards:

Any person appointed must reside within the city when appointed and must have resided within this city for twelve (12) consecutive months preceding the appointment and when serving.

If you have any questions about a committee, commission or board, please contact the City Secretary's office at 817-952-2101.

Old Bedford School - www.oldbedfordschool.com

In 1914, the citizens of Bedford agreed to a bond project for \$5,000 to build a new school on Bedford Road for the children of Bedford. The school served the community needs until 1969 when the Hurst-Euless-Bedford ISD closed the facility due to its small size and relocated students to nearby Bell Manor Elementary.

In January of 1991, fire ravaged the building, destroying the entire roof and severely damaging the masonry walls and interior finishes. In 1993, restoration began. Phase II was completed in 1995 which restored the masonry walls. A new roof and a second floor were constructed. Wood floors were laid and new doors were replicated and installed. Hand-stamped tin ceilings and period-style pigmented plaster blackboards to highlighted the restored classroom completed this phase. Phase III placed the Old Bedford School in conformance with the requirements of the National Registry and the Americans with Disabilities Act. The School opened in the late summer of 1996. In 1997, the School was placed on the National Register of Historic Places by the U.S. Department of the Interior.
