ITEM:

Presentation and discussion on an agreement offer by Motorola Solutions, Inc. for the replacement of the City's fleet of radio equipment in the amount of \$1,849,254.29.

City Attorney Review: N/A

DISCUSSION:

The City's radio equipment is approaching its end-of-life phase and a replacement plan must be approved and implemented soon. While there is still more than two years before the end-of-life phase, for much of the fleet, Motorola has presented the City with an equipment replacement proposal that represents a cost savings compared to projected future costs associated with delaying the fleet's replacement for one to two years.

The radio system, which is used by the Police, Fire, Public Works and Parks Departments, consists of equipment in two broad categories. The first category is system infrastructure, which consists of radio towers, repeaters, generators, and software systems. Since 1996, the City of Bedford has been part of a six-city radio infrastructure association called the Northeast Tarrant County (800 MHz) Trunk Radio Consortium (NETCO) and includes the cities of Colleyville, Euless, Grapevine, Keller, and Southlake. All infrastructure is made by Motorola and system costs are shared equally among participating cities. The second category is radio hardware, which is the equipment directly used by the end-user to communicate. Examples of hardware are portable and mobile radios. The two categories are distinctly separate from one another and are funded by two different mechanisms. This item for consideration is only concerning the fleet of radio hardware used by employees on a daily basis and is directly tied to public safety and to core service provision.

The current fleet of radio hardware consists of portable radios (hand-held), mobile radios (in vehicles) and console radios installed at communications stations in the dispatch center. The fleet is made up of a variety of generations of equipment purchased sporadically over time. This creates a situation where some equipment is much older than other equipment. This has developed over many years and is primarily the product of the practice of replacing broken or obsolete equipment on an as-needed basis only. This replacement practice was advantageous for many years because it minimized large impacts to the budget; however, the radio fleet will need to be replaced in the near future and replacement strategies are being evaluated currently.

Like other products on the market, radio hardware has a normal product lifecycle. Radio hardware is commonly available or supported by the market between eight to ten years and is driven by technology and market demands. The City's current radio hardware fleet is aging and most of the equipment is quickly reaching, or has surpassed, its end-of-life stage. In an effort to give customers ample time to prepare for the eventual discontinuation of radio hardware, Motorola announces a "cancellation" date for a particular product. This cancellation notification serves to notify customers and users that the model will be discontinued and is scheduled to be replaced by another product. Motorola has a business practice which guarantees parts, service and support for all canceled equipment for a period up to five years. In some instances, Motorola can provide support for hardware longer than five years; however, there is no guarantee beyond that period. Motorola considers equipment end-of-life to be the date of cancellation or the date production ceases. The end-of-support date is set, at a minimum, five years after the cancellation date. While there may be some opportunity to operate and support certain radio hardware beyond the five-year support period,

it is not advised to rely on this. Because the new radio hardware would be the latest generation of radios on the market, there would be several technological enhancements with the new radios. Enhanced features would include basic and advanced encryption capabilities, Bluetooth, and over-the-air firmware programming, which reduces equipment down-time.

For many years, the City was able to acquire and apply funding from the Tarrant County 9-1-1 District via the PSAP (Public Safety Answering Point) Assistance Program. The funds provided for approximately ten replacement radios per year, which constituted the City's primary replacement strategy. However, in 2019, the Tarrant County 9-1-1 District changed its interpretation of the program guidelines and radio hardware was no longer an allowable expense.

Because Motorola recently announced the cancellation date for certain radio hardware, and because 9-1-1 PSAP funding can no longer be used to purchase radio hardware, there is a need to develop a radio equipment replacement plan. This was discussed at length last fall. A decision was made by the City Manager to add the radio purchases to the City's equipment replacement program as part of the regular 2020/2021 budget process; however, during the budget process, Motorola made a lease-purchase offer to the City of Bedford. Because the offer could have significant cost savings, the proposal is being brought before Council for consideration prior to finalizing the additions to the equipment replacement plan.

Motorola contacted the Fire Department in April 2020 regarding an equipment replacement initiative that would replace all end-user radio hardware for the City of Bedford. Motorola cited the challenging business climate associated with Covid-19 as the incentive for extending this particular offer. The proposed plan would also include the cost of programming and installation of the radios. A five-year, comprehensive warranty is included in the proposal. Typical agreements only include one-year warranties. Options exist to purchase an extended warranty; however, the cost of the upgraded warranty is substantive. Therefore, the five-year warranty included in this proposed agreement represents a notable cost savings to the City. The proposal offers a five-year lease purchase financing agreement at a competitive interest rate. The current contract with the City of North Richland Hills for service and maintenance of radio hardware would not be utilized during the five-year warranty period, which would represent an annual cost savings of \$33,350, or a total of \$166,750, during the Motorola warranty period, if the proposal is accepted.

The purchase of Motorola radios would not require the City to conduct a Request for Proposal (RFP) because these products are authorized for purchase within approved cooperative purchasing programs in Texas. Because the equipment is approved for purchase under the Houston-Galveston Area Council (HGAC) cooperative purchasing program, the City would expect to realize a savings of approximately 20% as compared to regular market pricing. However, because the City of Bedford has entered into an Interlocal Agreement (ILA) for purchasing with the City of Fort Worth, there are additional cost savings built into the Motorola proposal. These savings are estimated to be an additional 22% below regular market prices.

The proposed lease purchase agreement with Motorola Solutions, Inc. is a five-year, lease-purchase agreement with annual payments of \$387,303.05. The offer includes 18 months, no interest and no payments (from time of agreement). The first payment would not be due until the 2022 budget year. The agreement provides for a 90-day equipment delivery period with installation beginning immediate after delivery is complete.

WORK SESSION

Mayor Boyter called the Work Session to order at 5:30 p.m.

• Presentation by David Pettit Economic Development.

Natalie Moore with David Pettit Economic Development (DPED) stated she and David Pettit were tasked to create a Tax Increment Reinvestment Zone (TIRZ) and GFF Planning is providing master planning services as a sub-consultant under the contract. In June, there was a charrette lead by Brian Moore of GFF Planning and tonight's presentation is the conceptual plan based on feedback from that meeting. They plan to receive the Master Plan in August. Ms. Moore stated that the creation process includes two main documents, the creation ordinance and the financing plan, which is approved by ordinance. The next step is to establish the boundaries for the TIRZ, develop projections for future land uses, draft a financing cash flow model, and develop the TIRZ project and financing plan. Ms. Moore stated there are two ways to create the new tax, through new construction and/or annual appreciation of real property. DPED hopes to bring the creation ordinance, which requires a public hearing, to Council in September.

Council Minutes July 14, 2020

In response to questions from Council, Mr. Pettit stated that per statute, the Tax Increment Financing (TIF) board is between five to fifteen people, 18 years and older. He stated in Texas, they have found the best practice is that the city council is the board and that each taxing jurisdiction that participates gets one seat on the board. The TIF board is primarily there to finalize the project and financing plan, which is approved by ordinance, and provide recommendations to the city council.

Brian Moore with GFF Planning presented information on the conceptual design and site analysis. He stated he wanted to ensure everyone was on the same page with discussions from the previous meeting; determining reasons for coming to Bedford and what makes it special; desire for a community center, perhaps music-related; making it a smart park; desire for something experiential and entertaining; single family adjacencies versus multi-family, non-traditional single family; and maximize the natural topography of the site. He stated the challenges include no hard corner for visibility of retail and restaurant development, and park space not duplicating the programming at the Boys Ranch Park.

Mr. Moore stated they focused on what makes the site special by focusing on the trees. They divided the area into five zones and highlighted the attributes of each zone to help determine which trees to work around and with. He discussed the different types of uses on the site including townhomes; nontraditional single-family development; retail and experiential oriented restaurants; and family-oriented spill-over space between restaurants. He stated the plan includes a central green space with pavilions off to the side and a strategically located townhome development immediately adjacent.

There was discussion regarding green space; if the park is city or neighborhood oriented; the number of developers that will be involved; multifamily user versus owner-driven user; fire lanes; ADA accessibility in the green space; back entry two-car garages; density; building an attraction site, not a townhome community; creating a community gathering place; various events happening throughout the space; fewer townhomes; adding additional retail; a covered stage; outdoor cinema; and space for food trucks. Mr. Moore stated he would like to add additional programmatic details to the park space and return to Council.

- **Discussion on performing an efficiency study/survey of the City of Bedford organization.** **This item requested by Councilmember Sabol.

Councilmember Sabol stated David Eisenlorh with Bakertilly advised the performance review should be done before the new city manager arrives. The length of time and scope of the project depends on what is required. She stated the study should be considered an operation review, performance study, efficiency study, or transition study. Ms. Sabol stated the organization and operations assessment was closest to what Council had in mind. It includes organizational design, staffing requirements analysis, operational assessment, workforce planning and succession management, and culture and change management. She stated the audit could cost \$40,000 to \$50,000.

There was discussion regarding gathering more information, getting specific pricing, setting goals for the new city manager, and doing a review on a regular basis.

- **Discuss viability plans for a meeting/entertainment venue(s) to provide a destination and to simultaneously stimulate economic development.** *Item requested by Councilmember Sabol

3. Consider a resolution of the City Council of the City of Bedford, Texas approving an Economic Development Program Agreement, pursuant to Chapter 380 of the Texas Local Government Code and the City's Economic Development Incentive Policy and Program, with Chick-fil-A, Inc.

Development Director Bill Syblon presented information on this item, which is to approve an Economic Development Program Agreement with Chick-fil-A, Inc. He stated this is a redevelopment of an existing building located at 1805 Central Drive. He stated several utilities, including gas and electric lines, need to be relocated to accommodate construction. Chick-fil-A requests a 380 agreement in the amount of \$280,000 to offset the approximately \$450,000 it will cost to relocate the utilities, as well as a rebate of permit fees up to \$20,000. Additionally, Chick-fil-A has to convert a portion of Plaza Parkway to accommodate parking needs of the restaurant; they will perform the work and request the City to reimburse them in an amount not to exceed \$380,000. Chick-fil-A will spend approximately \$3,500,000 to redevelop the site, will maintain at least 50 jobs at this location, and can make \$4,000,000 in gross revenue at this store.

In response to questions from Council, Mr. Syblon stated approximately \$80,000 in sales tax will be generated for the City, in addition to property tax. The estimated timeline for the project is to open January 2022, or possibly the fall of 2021. There was discussion regarding the process of bringing Chick-fil-A to Bedford.

Motioned by Councilmember Cogan, seconded by Councilmember Burnett, to approve a resolution of the City Council of the City of Bedford, Texas approving an Economic Development Program Agreement, pursuant to Chapter 380 of the Texas Local Government Code and the City's Economic Development Incentive Policy and Program, with Chick-fil-A, Inc.

- 4. Consider a resolution of the City Council of the City of Bedford, Texas, directing its designated officer to calculate the voter-approval tax rate in the manner provided for a special taxing unit pursuant to Section 26.04(c-1), Texas Tax Code.**

Strategic Services Manager Meg Jakubik presented information on this item, which is to direct the designated officer to calculate the voter-approved tax rate as provided for in Section 26.04(c-1), Texas Tax Code. Ms. Jakubik stated this is a procedural vote to ascertain how Council wants to move forward. When SB 2 revised the tax code and changed the voter approval from 8% to 3.5 percent, it included a provision that would allow an entity to calculate their voter approved rate at 8 percent, if during the current tax year, a disaster was declared for their area. Ms. Jakubik stated Council was not deciding the tax rate but simply a procedural vote on how Council wants the tax rate calculated given the current circumstances with the disaster declaration.

In response to questions from Council, Ms. Jakubik stated the Tarrant County Tax Assessor Collector is the City's designated officer and there is no fiscal impact from the decision made.

Motioned by Councilmember Sabol, seconded by Councilmember Burnett, to approve a resolution directing its designated officer to calculate the voter-approval tax rate in the manner provided for a special taxing unit pursuant to Section 26.04(c-1), Texas Tax Code.

Public Works Director Kenny Overstreet presented information on this item, which is to authorize the Interim City Manager to enter into an agreement with I.S. Construction Group, LLC to remodel four bathrooms, a men's locker room, and an office relocation at the Public Works Service Center. Mr. Overstreet stated staff began the remodel process two years ago. During that time, a slab leak was identified in the men's restroom and that all restrooms would have to be brought into compliance with the Americans with Disabilities Act (ADA).

In response to questions from Council, Facilities and Risk Manager Chuck Carlisle stated the original quoted amount from FY 2018/19 did not include bringing all bathrooms into compliance with the ADA, as well as the addition of the locker room and an office.

City Attorney Review: Yes

SUMMARY:

This item is to amend the City of Bedford Nuisance Ordinance to more specifically define what constitutes a nuisance.

BACKGROUND:

During the Tuesday, June 23, 2020 City Council meeting, Council discussed possible changes to the Nuisance Ordinance, with the input from a citizen. During the meeting, the possibility of holding a work session to discuss these changes was also discussed. Soon after the meeting, further correspondence was held with a request to place these changes on a regular Council meeting in August. On June 9, 2020, that request was amended to bring the item forward at the end of July. The revisions to the Ordinance are a result of a collaboration between staff and the City Attorney’s office. It has been confirmed that this ordinance would allow enforcement of currently existing conditions.

The following reflects the changes being proposed:

From Section 54-67

*Trash/debris means all solid waste; garbage; trash; litter; junk; tin cans; bottles; papers; grass and weed cuttings; tree limbs; brush; wood or building materials; discarded fences; discarded vehicle parts; tires; wreckage; **abandoned, operable** or inoperable household fixtures that are not designed for outdoor use, **including but not limited to, plumbing apparatus, electrical equipment, machinery, containers, ~~moveable~~ furniture, and appliances; equipment; tools; machines; broken or discarded furniture; and other forms of household effects on private or public property that contribute to urban blight.***

Waste means regarded or discarded as worthless or useless, unwanted or unusable material.

From Section 54-68

- Declaration of nuisance.

The following are declared to be a nuisance and shall be abated, and any persons guilty of performing or causing any such nuisance, or permitting or suffering such on any property or to remain upon

said property or in any structure, building occupied by or controlled by such persons or on any public street immediately adjacent to such premises shall be deemed guilty.

*(1) Any property, buildings, structures or places containing indoor or outdoor accumulations of garbage, weeds, water, junk, trash and debris, stagnant liquids, flammable liquids, or other deposits or substances which are likely to become unwholesome, filthy, unsightly, offensive, or unsanitary and likely to create or engender disease, or which contributes to urban blight.

Council Mission Area: Provide a safe and friendly community environment.

ITEM:

Consider a resolution authorizing the Interim City Manager to enter into an agreement with Custard Construction Services, in the amount of \$60,572.36, utilizing the Texas Interlocal Purchasing System (TIPS), for the abatement of Asbestos Containing Material (ACM) in the six structures to be demolished at Generations Park.

City Attorney Review: N/A

SUMMARY:

Through the design of Phase Next for Generations Park (previously Boys Ranch Park) it was determined that six structures will be demolished for new construction. These structures are the Boys Ranch Activity Center, Theater Building, Seniors Building, Arts Building, Clubhouse for Special Needs and the Concession Building.

BACKGROUND:

On January 16, 2020, Contract Amendment #3 between the City of Bedford and Halff Associates, Inc. was executed providing for a Generations Park asbestos survey. A survey for asbestos containing materials is required under Texas Department of State Health Services (DSHS) rules when a building will be renovated or demolished.

The structures to be demolished and therefore, required to have an asbestos survey, include:

- Recreation Center and Gym at 2801 Forest Ridge Drive
- Clubhouse for Special Needs Building/Daycare at 1308 Harwood Road
- Bedford Splash Waterpark at 2817 R.D. Hurt Parkway
- Theater Building at 2821 Forest Ridge Drive
- Arts Building at 2819 R.D. Hurt Parkway
- Bedford Senior Center at 2817 R.D. Hurt Parkway
- Concession Stand, In-Line Skate Rink, and four covered pavilions

The report noted the presence of Asbestos Containing Material (ACM) in the following locations:

- Recreation Center and Gym: Ceiling plaster texture, 2,000sf
Window caulking, 30sf
- Special Needs Building: Floor tile and mastic, 5,600sf
- Theater Building: Black mastic under tile or carpet, 2,530sf
Roofing mastic, 450sf
- Arts Building: Sheetrock/Joint Compound/Texture, 1,425sf
- Bedford Senior Center: Floor tile, sheet flooring, 4,250sf
- Concession Stand: Ceiling Board, 250sf
Roofing Mastic, 250sf

Four bids were received by the Interim Capital Projects Director for the proposed abatement, with the lowest bid of \$60,572.36, submitted by Custard Construction Services, a participating vendor with the Texas Interlocal Purchasing System (TIPS). Staff recommends utilizing Custard Construction Services to execute the abatement. This company is based out of Flower Mound, Texas and holds a

WHEREAS, the City Council of Bedford, Texas determines the necessity to obtain asbestos abatement services for structures in Generations Park; and,

WHEREAS, the abatement is in accordance with the asbestos containing materials survey conducted by Halff Associates, Inc. required under Texas Department of State Health Services (DSHS) rules when a building will be renovated or demolished; and,

WHEREAS, in order to obtain best pricing, the purchase of the asbestos abatement may be purchased from the Texas Interlocal Purchasing System; and,

WHEREAS, the City Council of Bedford, Texas to authorize the Interim City Manager to enter into a contract for asbestos abatement services, in the amount of \$60,572.36, with Custard Construction Services.

(Company Name)

THE INTERLOCAL PURCHASING SYSTEM (TIPS),

a Department of Texas Education Service Center Region 8 for

TIPS RFP 191002 Asbestos and other Hazardous Contaminant Abatement and Disposal Services
(PART 1 ONLY)

General Information

The Vendor Agreement ("Agreement") made and entered into by and between The Interlocal Purchasing System (hereinafter referred to as "TIPS" respectfully) a government cooperative purchasing program authorized by the Region 8 Education Service Center, having its principal place of business at 4845 US Hwy 271 North, Pittsburg, Texas 75686. This Agreement consists of the provisions set forth below, including provisions of all Attachments referenced herein. In the event of a conflict between the provisions set forth below and those contained in any Attachment, the provisions set forth shall control unless otherwise agreed by the parties in writing and by signature and date on the attachment.

A Purchase Order, Agreement or Contract is the TIPS Member's approval providing the authority to proceed with the negotiated delivery order under the Agreement. Special terms and conditions as agreed between the Vendor and TIPS Member should be added as addendums to the Purchase Order, Agreement or Contract. Items such as certificate of insurance, bonding requirements, small or disadvantaged business goals are some, but not all, of the addendums possible.

Terms and Conditions

Freight

All quotes to members shall provide a line item for cost for freight or shipping regardless if there is a charge or not. If no charge for freight or shipping, indicate by stating "No Charge" or "\$0", "included in price" or other similar indication. Otherwise, all shipping, freight or delivery charges shall be passed through to the TIPS Member at cost with no markup and said charges shall be agreed by the TIPS Member unless alternative shipping terms are agreed by TIPS as a result of the proposal award.

Warranty Conditions

All new supplies equipment and services shall include manufacturer's minimum standard warranty unless otherwise agreed to in writing. Vendor shall be legally permitted to sell all products offered for sale to TIPS Members if the offering is included in the Request for Proposal category. All goods proposed and sold shall be new unless clearly stated in writing.

Customer Support

The Vendor shall provide timely and accurate customer support for orders to TIPS Members as agreed by the Parties. Vendors shall respond to such requests within a commercially reasonable time after receipt of the request. If support and/or training is a line item sold or packaged with a sale, support shall be as agreed with the TIPS Member.

Agreements

Agreements for purchase will normally be put into effect by means of a purchase order(s) executed by

authorized agents of the TIPS Member participating government entities, but other means of placing an order may be used at the Member's discretion.

Tax exempt status

Most TIPS Members are tax exempt and the related laws and/or regulations of the controlling jurisdiction(s) of the TIPS Member shall apply.

Assignments of Agreements

No assignment of this Agreement may be made without the prior notification of TIPS. Written approval of TIPS shall not be unreasonably withheld. Payment for delivered goods and services can only be made to the awarded Vendor, Vendor designated reseller or vendor assigned company.

Disclosures

- Vendor and TIPS affirms that he/she or any authorized employees or agents has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this Agreement.
- Vendor shall attach, in writing, a complete description of any and all relationships that might be considered a conflict of interest in doing business with the TIPS program.
- The Vendor affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement.

Term and Renewal of Agreements

The Agreement with TIPS is for three (3) years with an option for renewal for an additional one (1) consecutive year if both parties agree. TIPS may or may not exercise the one-year extension beyond the base three-year term and whether or not to offer the extension is at the sole discretion of TIPS. The scheduled Agreement termination date shall be the last date of the month of the last month of the agreement's legal effect. **Example:** *If the agreement is scheduled to end on May 23, the anniversary date of the award, it would actually be extended to May 31 in the last month of the last year the contract is active.*

Automatic Renewal Clauses Incorporated in Awarded Vendor Agreements with TIPS Members Resulting from the Solicitation and with the Vendor Named in this Agreement.

No Agreement for goods or services with a TIPS Member by the awarded vendor named in this Agreement that results from the solicitation award named in this Agreement, may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated in an Agreement by the vendor with the TIPS Member shall only be valid and enforceable when the vendor receives written confirmation by purchase order, executed Agreement or other written instruction issued by the TIPS Member for any renewal period. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. This term is not negotiable and any Agreement between a TIPS Member and a TIPS awarded vendor with an automatic renewal clause that conflicts with these terms is rendered void and unenforceable.

Shipments

The Vendor shall ship, deliver or provide ordered products or services within a commercially reasonable time after the receipt of the order from the TIPS Member. If a delay in said delivery is anticipated, the Vendor shall notify TIPS Member as to why delivery is delayed and shall provide an estimated time for

completion of the order. TIPS or the requesting entity may cancel the order if estimated delivery time is not acceptable or not as agreed by the parties.

Invoices

Each invoice or pay request shall include the TIPS Member's purchase order number or other identifying designation as provided in the order by the TIPS Member. If applicable, the shipment tracking number or pertinent information for verification of TIPS Member receipt shall be made available upon request.

Payments

The TIPS Member will make payments directly to the Vendor, the vendor assigned dealer or as agreed by the Vendor and the TIPS Member after receiving invoice and in compliance with applicable payment statute(s), whichever is the greater time or as otherwise provided by an agreement of the parties.

Pricing

Price increases will be honored according to the terms of the solicitation. All pricing submitted to TIPS shall include the participation fee, as provided in the solicitation, to be remitted to TIPS by the Vendor. Vendor will not show adding the fee to the invoice presented to TIPS Member customer.

Participation Fees

The Participation Fee that was published as part of the Solicitation and the fee published is the legally effective fee, along with any fee conditions stated in the RFP. Collection of the fees by TIPS is required under Texas Government Code §791.011 Et seq. Vendor or vendor assigned dealer agrees to pay the participation fee for all Agreement sales to TIPS on a monthly scheduled report or as otherwise agreed by the parties. To report sales, login to the TIPS Vendor Portal and click on the PO's and Payments tab. Pages 3-7 of the Vendor Portal User Guide will walk you through the process of reporting sales to TIPS. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com. The Vendor or vendor assigned dealers are responsible for keeping record of all sales that go through the TIPS Agreement and submitting same to TIPS. Failure to render the participation fee to TIPS shall constitute a breach of this agreement with our parent governmental entity, Texas Education Service Center Region 8, as established by the Texas legislature and shall be grounds for termination of this agreement and any other agreement held with TIPS and possible legal action. TIPS reserves all rights under the law to collect the fees due. Please contact TIPS at tips@tips-usa.com or call (866) 839-8477 if you have questions about paying fees.

Indemnity

The Vendor agrees to indemnify and hold harmless and defend TIPS, TIPS Member(s), officers and employees from and against all claims and suits by third parties for damages, injuries to persons (including death), property damages, losses, and expenses including court costs and reasonable attorney's fees, arising out of, or resulting from, Vendor's performance under this Agreement, including all such causes of action based upon common, constitutional, or statutory law, or based in whole or in part, upon allegations of negligent or intentional acts on the part of the Vendor, its officers, employees, agents, subcontractors, licensees, or invitees. Parties found liable shall pay their proportionate share of damages as agreed by the parties or as ordered by a court of competent jurisdiction over the case. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED BY TIPS/ESC REGION 8.** Per Texas Education Code §44.032(f), and pursuant to its requirements only, reasonable Attorney's fees are recoverable by the prevailing party in any dispute resulting in litigation.

State of Texas Franchise Tax

By signature hereon, the bidder hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171, Tax Code.

Miscellaneous

The Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS sole discretion and that any Vendor may be removed from the participation in the Program at any time with or without cause. Nothing in the Agreement or in any other communication between TIPS and the Vendor may be construed as a guarantee that TIPS or TIPS Members will submit any orders at any time. TIPS reserves the right to request additional proposals for items or services already on Agreement at any time.

Purchase Order Pricing/Product Deviation

If a deviation of pricing/product on a purchase order or contract modification occurs between the Vendor and the TIPS Member, TIPS must be notified within five (5) business days of receipt of change order.

Termination for Convenience of TIPS Agreement Only

All purchase orders presented to the Vendor, but not fulfilled by the Vendor, by a TIPS Member prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. The awarded vendor may terminate the agreement with ninety (90) days prior written notice to TIPS 4845 US Hwy North, Pittsburg, Texas 75686. The vendor will be paid for goods and services delivered prior to the termination provided that the goods and services were delivered in accordance with the terms and conditions of the terminated agreement. This termination clause does not affect the sales agreements executed by the Vendor and the TIPS Member customer pursuant to this agreement. TIPS Members may negotiate a termination for convenience clause that meets the needs of the transaction based on applicable factors, such as funding sources or other needs.

Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district.

Definitions: Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students. Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school:

(a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

I certify that:

NONE (Section A) of the employees of Contractor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided.

OR

SOME (Section B) or all of the employees of Contractor and any subcontractor are covered employees. If this box is checked, I further certify that:

- (1) Contractor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history.
- (2) If Contractor receives information that a covered employee subsequently has a reported criminal history, Contractor will immediately remove the covered employee from contract duties and notify the District in writing within 3 business days.

Council Agenda Background

PRESENTER: Kenneth Overstreet, Public Works Director

DATE: 07/28/20

Council Mission Area: Protect the vitality of neighborhoods.

ITEM:

Consider a resolution authorizing the Interim City Manager to enter into an agreement with Ark Contracting Services, LLC, in the amount of \$475,948, for the Brookwood Hills Stream and Sanitary Sewer Rehabilitation project.

City Attorney Review: Yes

SUMMARY:

Staff solicited bids for Brookwood Hills Stream and Sanitary Sewer Rehabilitation project. The project consists of erosion control to protect City infrastructure and sanitary sewer rehabilitation. Seven bids were received, with the lowest qualified bidder being Ark Contracting Services, LLC.

BACKGROUND:

On July 29, 2015, residents of the Brookwood Hills Addition met with staff regarding the bank erosion that the stream was experiencing. During the meeting, other issues were brought forward that indicated a stream study was needed. It also became evident that the sewer line that crosses the channel needed to be replaced due to a swag in the line and that the erosion, in various areas, was undermining sanitary sewer lines, manholes and storm sewer outfalls. While the initial concern by residents could not be addressed because the channel is private property, it was evident that that work needed to be completed to protect the City's infrastructure.

Staff proposed the City utilize the professional services of Baird, Hampton & Brown, Inc. (BHB) for this study. On September 22, 2015, BHB was awarded an Engineering contract for the Brookwood Stream Study for future drainage system improvements in the Brookwood Hills Addition.

On January 24, 2017, BHB was awarded a Professional Services Agreement to design the Brookwood Hills Stream and Sanitary Sewer Rehabilitation project based on results of the Brookwood Stream Study. The Professional Services Agreement included full engineering services: field surveying, construction plan designs, opinion of probable cost, bidding services, and contractor qualification and recommendation. This Agreement included permission from the U.S. Army Corp of Engineers for working in a waterway, as well as several easements from adjacent property owners.

The construction project was advertised online using CivCast U.S.A. The City was able to reach out to 71 prospective contractors, sub-contractors, suppliers, and plan rooms interested in the project. There were two Addendums issued during the bidding process for clarification from questions regarding the project. A bid opening was held on July 2, 2020. Seven bids were received. Ark Contracting Services, in Kennedale, Texas, submitted the lowest qualified bid in the amount of \$475,948.00. The bids varied as follows:

- Lowest: \$475,948.00
- Average: \$646,668.51
- Highest: \$827,553.00
- Budget: \$484,484.00

This project includes the installation of gabion baskets, gabion mattresses, 6” cable-tied concrete erosion protection, removal and replacement of the sewer line, and other sewer related items.

BHB recommends entering into a contract with Ark Contracting Services, LLC for the Brookwood Hills Stream and Sanitary Sewer Rehabilitation project. Ark Contracting was recommended by a Professional Engineer with GWC Engineering, who stated they worked with Ark Contracting for over 20 years on multiple drainage and stream projects without any contested change orders or conflicts originating from the contractor.

In addition, they successfully completed the Sulphur Branch Trunk Sewer Rehab/Replacement Segment 11 project for the City of Bedford in 2016. Ark Contracting completed more than 350 major gabion projects while operating under various entities. They have extensive water, sewer and storm sewer pipeline experience. Ark Contracting, under the name S.J Lewis, was the utility-sub-contractor for Bluebonnet Construction, the contractor for North Tarrant Express working in Bedford. In addition, they successfully completed a large project in the City of Arlington at Glory Park, which included water, sewer and drainage from Division Road to Cowboy Stadium, plus many other smaller utility projects.

If approved, funding in the amount of \$475,948 will be paid from the 2011 Stormwater GO Bond and the Stormwater CO Bond.

RECOMMENDATION:

Staff recommends the following motion:

Approval of a resolution authorizing the Interim City Manager to enter into an agreement with Ark Contracting Services, LLC, in the amount of \$475,948, for the Brookwood Hills Stream and Sanitary Sewer Rehabilitation project.

2011 Stormwater GO Bonds:	\$331,593.67

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this

classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current

negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
