

# 2017-2018 AUTOMATED METER INSTALLATION

WHAT IS AN  
AUTOMATED  
METER  
READING  
SYSTEM?

Automated Meter Reading Systems offer enhanced technology that will automatically collect data, specific to consumption, diagnostic and status.

This data is then transferred to a database that can be accessed by residents.

Online account access is available for residents and businesses to monitor their consumption in real time.

Please wait approximately 4 days after your smart meter is installed before you create an account.

FOR FURTHER INFORMATION,  
PLEASE CONTACT

## Water Meter Upgrade

City of Bedford residents and businesses will soon receive new smart meters

Badger Meters, Inc. and US Bronco Services, Inc., contractors with the City of Bedford, have teamed up with Public Works staff to begin installing new smart meters.

The process of installing new smart meters began at the end of Summer 2017 and is expected to be completed in it's entirety by the end of Summer 2018.

### STATISTICS

## Keep an eye on your water costs

Residents and business owners can track their consumption, monitor water costs and have a greater sense of reliability when it comes to their monthly bill.

## Leak Detection

AMR systems easily detect continuous low water flow which alerts consumers of potential leaks such as:

- leaking/dripping faucet
- slow, continuous water flow from toilet
- leaking pipes

## Advantages

- Monitor billing
- Leak detection
- Secure access to an online portal
- Smart phone accessible
- Water cost reduction
- Compare account history
