COVID-19 INFORMATION PERTAINING TO MASK OR FACE COVERING

City of Bedford
Planning & Development
1805 L Don Dodson Dr.
Bedford, TX 76021
817.952.2105
zoning.info@bedfordtx.gov

Effective March 10, 2021, Texas Governor Greg Abbott has signed an executive order that supersedes the previous Executive Order GA-29, which required Texans to wear a mask or face covering:

Pursuant to Executive Order GA-34 issued by Governor Abbott, there are no COVID-19-related operating limits for any business or other establishment; and individuals are strongly encouraged to wear face coverings over the nose and mouth wherever it is not feasible to maintain six feet of social distancing from another person, but no person may be required by any jurisdiction to wear or to mandate the wearing of a face covering.

The order says that businesses and other establishments may require employees or customers to wear masks. It also allows law enforcement to enforce trespassing laws and remove individuals who refuse to wear a mask at a business that requires them.

Therefore, the following conditions are no longer required, but are strongly encouraged:

- Maintain social distancing of a minimum of six feet;
- Post one or more "Social Distancing" sign visible to the public;
- Face masks to be worn by persons over the age of 10 years old;
- Face masks to be worn properly by covering the nose and mouth; and
- Adhere to other safety measures as stated in the *Health Recommendations (attached)**

REVISED MARCH 10, 2021

HEALTH RECOMMENDATIONS

CHECKLIST FOR OUTDOOR EVENTS

Page 1 of 1

Individuals are strongly encouraged to wear face coverings over the nose and mouth wherever it is not feasible to maintain 6 feet of social distancing from another person not in the same household.

The following are the health recommendations for all outdoor events in Texas. These health recommendations are not a limit on the health protocols that individuals may adopt. Individuals are encouraged to adopt additional protocols consistent with their specific needs and circumstances to help protect the health and safety of all Texans.

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is 65 or older with pre-existing health conditions that place them at higher risk. Because of the hidden nature of this threat, everyone should rigorously follow the practices specified in these recommendations. The virus that causes COVID-19 is still circulating in our communities. We should continue to observe practices that protect everyone, including those who are most vulnerable.

Please note, public health guidance cannot anticipate every unique situation. Individuals should stay informed and take actions based on common sense and wise judgment that will protect health and support economic revitalization.

Health recommendations for individuals:

- Individuals should, to the extent possible, minimize in-person contact with others not in the individual's household. Minimizing in-person contact includes maintaining 6 feet of separation from individuals. When maintaining 6 feet of separation is not feasible, other methods should be utilized to slow the spread of COVID-19, such as washing or sanitizing hand frequently, and avoiding sharing utensils or other common objects.
- Self-screen before going to an outdoor event for any of the following new or worsening signs or symptoms of possible COVID-19:
 - Cough
 - Shortness of breath or difficulty breathing
 - Chills
 - Repeated shaking with chills
 - Muscle pain
 - Headache
 - Sore throat
 - Loss of taste or smell
 - Diarrhea
 - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
 - Known close contact with a person who is lab confirmed to have COVID-19
- Wash or disinfect hands after any interaction with employees, other individuals, or items at the outdoor event.
- Clean and sanitize any items before and after use.
