

CITY OF
BEDFORD
Police Department

Jeff Gibson, Police Chief

To our Bedford citizens,

I would like to take a moment to encourage you to continue to follow our local governments “Stay At Home, Work Safe” directive. We have not been faced with a challenge like this before, and the impact on society grows with each new day. I want to assure all Bedford residents that our officers continue to work very hard to protect our neighborhoods and to keep our businesses, roads, and city safe.

Our officers continue to proactively address crime and public safety issues, especially in and around our grocery stores, retail establishments, and businesses. The Bedford Police Department is making a concerted effort to combat any issues or problems that may arise with the influx of people at locations that remain open.

Vehicle traffic has decreased as a result of responsible individuals adhering to the “Stay Home, Work Safe” directive, but there are motorists that have seized this opportunity to treat the roadways of Bedford as a racetrack, placing other motorists at risk. Our officers continue to observe triple-digit speeds. This dangerous behavior will not be tolerated and enforcement of traffic laws will continue.

We hope that the community realizes the magnitude of this pandemic and will continue to abide by the emergency health and safety guidelines that have been put into place. It is imperative to stay at home. If you are out purchasing essential needs, follow social distancing, only buy what you need, and obey traffic laws. Let’s continue to help slow the spread of the coronavirus and take care of our community together. Please stay home, stay safe, and stay well.

Jeff Gibson
Chief of Police
