

CITY OF  
**BEDFORD**  
Police Department

---

Jeff Gibson, Police Chief

Citizens of Bedford,

I would like to extend my gratitude for continuing to abide by the “Stay Home, Work Safe” order. This pandemic has affected our community in countless ways, but your commitment is keeping our beloved Bedford safe. You are making a difference. Let us not let our guard down at this crucial point in the fight.

Normally, this time of year we would all be preparing for celebrations which would involve family gatherings out, large Easter egg hunts, and Sunday Easter service. Due to COVID-19, we encourage residents to celebrate this year by keeping egg hunts, family gatherings or picnics at home while staying safe. Many churches have created services on various platforms as to not jeopardize the health and safety of members. Restaurants are offering family-style packs for curbside or delivery. Family and traditions are not cancelled.

Take this weekend to step away from the data and find encouragement in your commitment to stop the spread of the coronavirus. Above all else, I encourage you to remain positive. Hope is not lost. I have heard countless examples of our citizens adapting to this “new normal” and maintaining the sense of community that makes our city special. We continue to thank you for staying home so we can stay healthy in our commitment to protect and serve you.

Best,

Jeff Gibson

Chief of Police
