**MESSAGE FROM THE MAYOR
MONDAY, APRIL 20, 2020**

As of this writing, Tarrant County Public Health has reported an additional 74 positive cases over the weekend with 4 additional deaths. This brings the total positive cases to 1249 in the County with 39 deaths. Fort Worth leads the County with 503 cases. Arlington has 234. Bedford is holding steady with 26 positive cases, 4 recoveries, and 0 deaths.

Effective today, and in response to Governor Abbott's mandate, all State parks have reopened. However, this is subject to certain restrictions including the social distancing requirements and no groups allowed to gather in excess of 5 people. Additionally, look for some retail businesses that have been previously deemed "non-essential" to reopen this Friday under the "to-go" model.

For those who may be wondering, there are currently three COVID-19 drive thru locations in Tarrant County, however, in order to get tested you must get a doctor's order in advance:

- Urgentology Care in Dallas is located at 4130 N. Collins Street, Arlington.
- 3D Healthcare is in downtown Fort Worth at 914 Lamar Street.
- Clinicas M Doctor is in South Fort Worth at 4200 S. Freeway #106.
