- 1. One of your friends get a ticket for theft in Bedford Municipal Court. Discuss with your friend the pros and cons of the different options they have in dealing with the ticket (ie. paying the ticket, asking for Teen Court). What effect does this theft conviction have on one's life? In addition, what other non-court consequences are involved (ie. no-trespass order, jury services, military, etc.).**
- 2. You are riding with a friend who is stopped for a speeding ticket. When the Officer asks him/her to sign the ticket, your friend asks you what they should do. Explain what happens if your friend doesn't sign the ticket and if the friend does sign the ticket. What is the purpose of the ticket? Include your advice to your friend under these circumstances, and justify your response.**
- 3. You missed a ride home and caught a ride home with several people you do not know very well. There are three people in the front seat and three people in the back. You are sitting in the back behind the driver. You look down and notice a six pack of beer, with two missing, one opened and half gone, and still cold. The driver is pulled over for speeding and when the officer looks in the back seat he sees the beer. Everyone is under 21 years of age and the officer is ready to "hand out" tickets. Who gets a ticket? The officer mentions something about "constructive possession" and you never touched the beer. What is constructive possession? How and why does it affect who gets a ticket for minor in possession of alcohol? What are your options if you see the alcohol before the driver is pulled over for speeding?**
