**MESSAGE FROM THE MAYOR**  
**MONDAY, MAY 4, 2020**

Tarrant County Public Health reported an additional 236 cases over the weekend with 8 additional deaths and 100 additional recoveries. This brings Tarrant County totals to 2,624 positive cases, 77 deaths, and 651 recoveries. Bedford is reporting 64 positive cases, with 12 recoveries, and 0 deaths to date.

Tarrant County recently started a self-screening website for COVID-19. The site has been developed in partnership with the UNT Health Science Center and UT Southwestern Medical Center. Once you answer a few questions, the website will determine eligibility and provide you with instructions for testing. There will be no out-of-pocket costs for the testing. For more information or to “Get Started,” go to <http://covidtesting.tarrantcounty.com>.

As a follow up to an earlier thread, the City of Bedford picked up numerous masks on Friday, which we will be offering to our Bedford Business Community for use as they “re-open”. If interested in taking advantage of this, please contact the Economic Development Department at 817-952-2125.
