**PHONE:** 817-952- 2491

On Saturday, August 1, 2020, at approximately 6:15 p.m. Bedford Police Dispatch received a 9-1-1 call in reference to shots fired at the CVS pharmacy at 601 N. Industrial Blvd. Upon arrival, officers found a seventeen-year-old female had been shot. The victim and a female companion had made arrangements through social media to meet two male subjects at a nearby location for the purpose of selling THC vape cartridges. The victim and her friend met with two black males who arrived in a silver four-door car. One of the subjects got in the car with the two females and shortly thereafter an argument ensued, which resulted in the victim being shot in the upper torso. Bedford Detectives are reviewing video surveillance from a nearby establishment in an effort to identify the suspect(s) and their vehicle.
